Research Interests

Human-Computer Interaction, Cybersecurity.

Education

- Aug 2025 – [Indiana University Bloomington](#) | Bloomington, IN
Ph.D. Student, Computer Science
[Luddy School of Informatics, Computing, and Engineering](#)
Advisor: Prof. Apu Kapadia, [IU Privacy Lab](#)
- 2021 – 2025 [Brac University](#) | Dhaka, Bangladesh
B.S. in Computer Science and Engineering

Honors & Awards

- 2025 **Fall 2025 Luddy Doctoral Associate Instructor Fellowship**
[Luddy School of Informatics, Computing, and Engineering](#), [Indiana University Bloomington](#)
Competitive fellowship awarded to incoming doctoral students who have demonstrated academic excellence.
- 2025 **Highest Distinction**
[Brac University](#)
Latin honor awarded to graduating students with a final CGPA of 3.80 or higher.
- 2024 **Best Thesis Award, Fall 2024**
Department of Computer Science and Engineering, School of Data and Sciences, [Brac University](#)
Awarded for the undergraduate thesis "Understanding the Economic Impact of Botnets in Bangladesh: Insights and Strategies from Attacker & Victim Perspectives."

Research Experience

- 2025 – **Graduate Researcher** | [IU Privacy Lab](#), [Indiana University Bloomington](#)
"Parent-Child Concerns and Opinions on AI-Based Collaborative Supervision Systems"
Investigating how parents understand and manage their children's online video consumption, and what kinds of support or tools could help.

Employment

- Aug 2025 – **Associate Instructor** | Department of Computer Science, [Luddy School of Informatics, Computing, and Engineering](#), [Indiana University Bloomington](#)
- 02/2024 – 2025 **Student Tutor (UTA)** | [Brac University](#)
Served as a UTA for Data Structures (CSE220) over three consecutive semesters, mentoring students and assisting with coursework and labs.

Projects

Reverse Engineering and Analysis of WannaCry Ransomware: Conducted dynamic and static analysis on WannaCry, focusing on its propagation and evasion techniques.

Emotion Detection Based Patting Robot: Built an Arduino robot that detects sadness/anger and provides comforting pats.

Skills

Languages	Python, C++, Java, Assembly, HTML, JavaScript, CSS, Arduino, Raspberry Pi
Tools	Git, Bitbucket, Unity, MySQL, Snort, Suricata, Wireshark
Frameworks	Laravel, Django
Competencies	Data Analysis, Survey Design, Capture the Flag (CTF) Competitions
